Introduce yourself and tell your story — 1 minute max. CLICK ▸

SLIDE 2 The Disclaimer

Before we get started, I want to let you know this is a business, and as with any business, if you do nothing you will earn nothing, and ACN cannot guarantee your results.

With that, let me introduce you to ACN. CLICK ▸

SLIDE 3A Who ACN Is

ACN was founded in 1993, and today we do business all across the US & Canada. **CLICK ▸**

SLIDE 3B Track Record

In our 30+ year history, we've helped millions of customers with our services and have generated billions of dollars in revenue. **CLICK ▸**

SLIDE 3C Credibility

ACN has an A+ rating with the Better Business Bureau and was recognized as one of the fastest growing companies in the Inc. 500. CLICK ▸

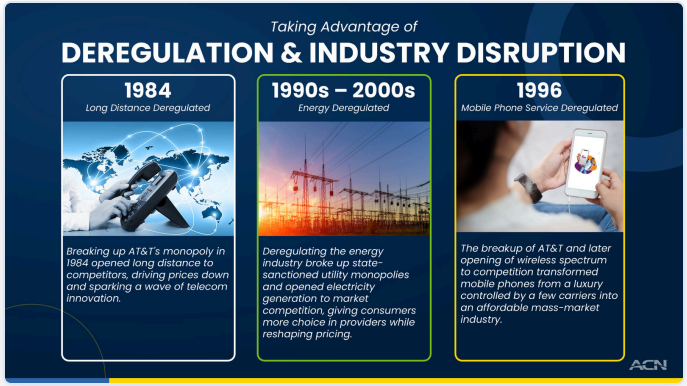

SLIDE 3D Giving Back

ACN also has a strong tradition of giving back. Through our partnership with Project Feeding Kids, a child is fed every time a customer is acquired. And ACN is also a proud supporter of the local Ronald McDonald House Charities.

SLIDE 4 Deregulation & Disruption

Since the '80s, numerous industries have been deregulated, beginning with long distance. Deregulation causes disruption, which in turn creates an opportunity for others to break into that market.

So, in 1993 when ACN got started, they took advantage of industry disruption to create opportunity for all of us in the form of residual income. **CLICK ▸**

SLIDE 5 Residual Income

When residual income is part of your financial portfolio, you continue to earn month after month on something you did only one time. In fact, residual income is the kind of income that the wealthiest people in the world use to leverage themselves so they can build wealth.

Here's what that looks like with ACN. **CLICK ▸**

SLIDE 6 You Get Paid

You have the opportunity to earn income monthly on the services that people use in their home and business every day and pay for every month. Services like mobile phones, energy, healthcare, TV, internet and more. Services we can't live without.

And ACN continues to grow and expand its suite of services. CLICK ▸

SLIDE 7 Trusted Partners

These are our trusted partners, many of which are household names, like Vivint Home Security, DIRECTV, and AT&T, while others are brands created by ACN to provide specific solutions for the consumer.

And we are excited to introduce ACN's newest partner, DingoBlu Financial.

Future expansion is built in: high yield savings accounts, crypto wallets, bill pay, secured and traditional credit cards, business accounts, investments and more.

For you, you get more interest and fewer fees, PLUS you can get paid on deposits, balances, debit and credit card transactions, taps & swipes.

Now that you understand our services, let's get into how ACN goes to market and how you can earn with ACN. CLICK ▸

SLIDE 10A Traditional Business Model

Most service providers create online ads, radio ads, TV ads, and pay high-priced celebrities to promote their product in hopes of getting customers. ACN uses the most effective form of advertising there is: word of mouth. A friend telling a friend. CLICK ▸

SLIDE 10B ACN Business Model

So rather than paying for high-priced ads or celebrities, ACN inserts YOU into the equation. When you bring customers to ACN, giving them more choices, ACN pays you! CLICK ▸

SLIDE 11 4 Ways to Earn

There are 4 ways to earn with ACN. **CLICK ▸**

SLIDE 12 Way #1 · Up-Front Bonuses

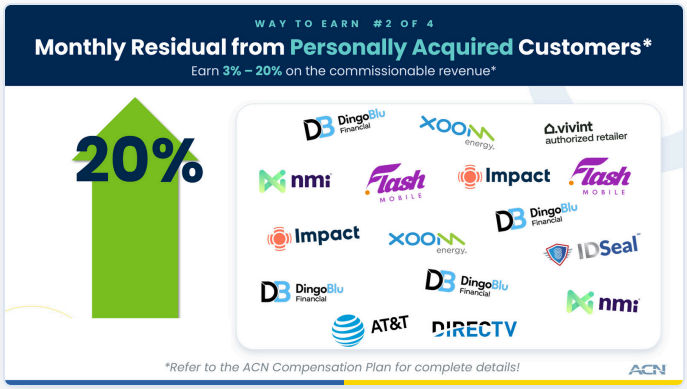

The first way you can earn is with up-front bonuses. When you enroll just 3 services in your first 30 days, ACN will send you a $300 bonus! Enroll more services and you can earn more bonuses.

When you enroll just 3 more services in your first 30 days **CLICK ▸** ACN will send you an additional $400 bonus for a total of $700.

Click 4 times as you say the next sentence. And each time you enroll 3 more services in your first 30 days, ACN will send you an additional $400 bonus, as you maximize the monthly customer bonus compensation. **CLICK ▸**

SLIDE 13 Way #2 · Monthly Residual

The second way ACN compensates you is through monthly residual income you earn when your personal customers pay their bills. You begin by earning 3% on the commissionable revenue on the first customers you enroll. CLICK ▸

As you enroll more customers, the percentage you earn also increases. Once you have enrolled enough customers, you will earn monthly residual income as much as 20% on the commissionable revenue from all your personal customers.

Now, what if you showed other people how they can get paid to do the same thing — and you built a team? CLICK ▸

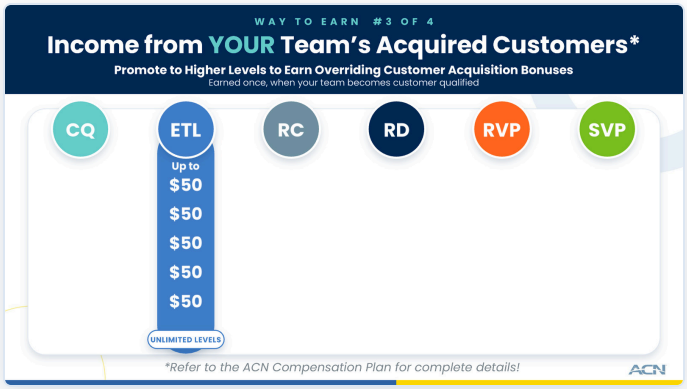

SLIDE 14 Leverage

J. Paul Getty said it best: "I'd rather have 1% of the effort of 100 people than 100% of my own effort."

This business isn't about you going out and getting thousands of customers yourself. It's about getting a handful of customers and teaching others to do the same. CLICK ▸

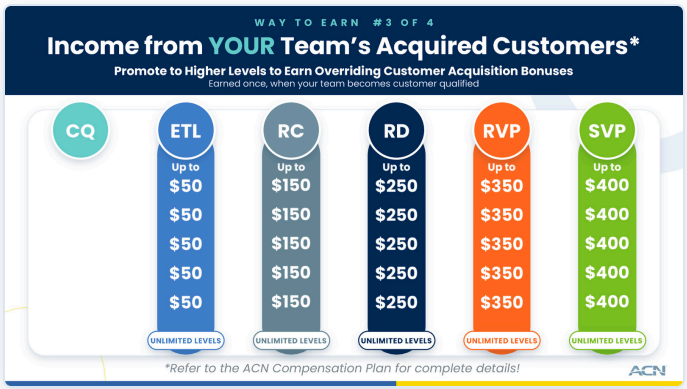

SLIDE 15A Way #3 · Team Bonuses

So, let's see what's possible when you build a team... **CLICK ▸** As your team grows, you can promote to higher ranks. And this is the third way you can earn. **CLICK ▸**

When you promote to the first leadership position of Executive Team Leader, ETL, you will begin to earn overriding customer acquisition bonuses up to $50 each time a new team member enrolls 3 new services in their first 30 days of business. **CLICK ▸**

SLIDE 15B Higher Ranks

As you promote to higher ranks, you can earn as much as $450 each time a new team member enrolls 3 new services in their first 30 days of business. These bonuses go to unlimited levels. That's significant income as you build and grow your ACN business!

Remember, in order to earn that bonus, those people on your team had to enroll customers. What are those customers going to do every month? Pay their bills. And when they do, ACN will pay you an override of up to 4% on all of your team's customers! **CLICK ▸**

SLIDE 16A Way #4 · Team Residual

Now imagine earning up to 4% on the commissionable revenue of all your team's customers.

CLICK ▸ In this example, you sponsored 4 team members who each enrolled customers. Those team members want to do the same thing you did: build a team to create leverage.

CLICK ▸ *The animation will continue as you say the rest of the dialogue.*

SLIDE 16B Exponential Growth

So, they sponsor a few, who sponsor a few, who sponsor a few… giving you the opportunity to earn income on the efforts of hundreds or potentially thousands of team members.

Now THAT is significant income potential. CLICK ▸

SLIDE 17 Referral Programs

ACN also has a robust referral program. Refer a few friends to use our services and you have the potential to get your service for free. Get with the person who invited you to get more info on this valuable program. **CLICK ▸**

SLIDE 18 Getting Started

Now let's look at what it takes to get started. To become what we call an IBO, an Independent Business Owner, it's a one-time fee of $299 and a monthly business support fee of $30. This gives you everything you'll need to build your own successful online business.
